

### Introductions

HE218A Series large screen Thermo-Hygrometer developed by HUATO, which has high precision and recording functions. Adopt imported temperature humidity integrated sensor, fast response and good quality to assure the accuracy and stability.

HE250A

### Features :

- Fashionable and simple performance, firm structure, high accuracy.
- Adopt LED digital tube display, clear and bright, visible distance is 10~75meters.
- Temperature humidity calibration function values can be adjusted through buttons on the instruments.
